

# XP Pro

The next generation  
ultra-rugged  
5G smartphone

**Sleek, modern form.**  
**Extreme performance.**  
**Ready to get to work.**

The Sonim XP Pro 5G supporting Verizon's 5G Ultra Wideband sets a new standard for rugged and reliable smartphones. Its streamlined form with large glove-friendly screen is built to the toughest standards, up for even the most challenging conditions.

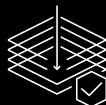

Productivity lasts all day with a large programmable/Push-to-Talk button, 100dB+ dual loudspeakers and three rear cameras (standard, wide and macro), while our SonimWare™ software toolkit manages and optimizes your mobile ecosystem to keep everything running smoothly.

And a 3-year warranty\* delivers extra confidence. Designed to outperform, the Sonim XP Pro 5G works as hard as you do.

\* In the event that the 3-year manufacturer warranty differs from the contract warranty, the contract warranty will govern and supercedes the 3-year manufacturer warranty.
